Profile

I am a computer science graduate from Goa, India. I am passionate about front-end web development and keep pushing myself to learn new things. I would welcome opportunities to deepen and improve previously acquired programming skills, engage in interesting and creative projects and raise my front-end web development knowledge.

I am self-motivated, organized and committed individual with the ability to work well independently or as a part of a team.

Education

Padre Conceicao College of Engineering - Bachelor of Engineering (Computer Science)
JULY 2014 - AUGUST 2018 Verna, Goa.

Courses

Advanced CSS and Sass, Udemy

The Complete Javascript Guide, Udemy

Internships

Student – Verna, Goa
JANUARY 2017 - JANUARY 2017

Attended Hardware and Software Skill Enhancement in Electronics and Telecommunication Workshop conducted by Society of Electronics and Telecommunication Engineering (SENATE)

Intern – Verna, Goa
JUNE 2017 – JULY 2017

Worked as an intern at Vibrant Skill Sets Solutions and conducted an intrastate science competition

Project
FINAL YEAR (2017-2018)

Wheels For Rent – Developed a website for a vehicle renting system to make the process of renting and sharing vehicles simple and efficient.
